Land-based Training

About the Courses

BCA Land-based Training provides a wide range of short courses for local businesses who work in land-based industries such as arboriculture, greenkeeping & sports turf, estate management, horticulture, landscaping and agriculture.

Our public courses are usually run on site at BCA, allowing us to offer training and assessment services with a wide range of machinery and facilities, such as car parking and cafeterias, all set in wonderful grounds.

We are an approved City & Guilds NPTC assessment centre, an accredited LANTRA centre and an approved BALI centre, as well as being able to offer NPORS qualifications too.

We can run more courses than are listed here and also tailor our courses to suit your site. So please get in touch with us to discuss your land-based training needs.

Call us on **01628 827317** or email **land-basedtraining@bca.ac.uk**

Please note that VAT is not payable on our training and assessment. The prices shown include tuition, assessment and awarding body fees where applicable.
