

Ground Workers Wanted

Greenwillows Associates are currently seeking ground workers on a full-time basis to join our friendly team based in Warboys, Cambridgeshire.

About Us

Greenwillows Associates is an Ecological and Arboricultural Consultancy who offer professional, specialist ecological and arboricultural services. We have been established since 2001 and with recent rapid growth in the arboricultural side of our business we are now seeking to take on an arboricultural consultant and more climbing arborists and ground workers to help with current and future commitments. All our staff are trained in the core competencies of their roles through in-house courses, on the job mentoring as well as external training suppliers. Individuals are encouraged to develop their interests to achieve a high level of specialist expertise, and career progression within the business is also a top priority.

About the Job

We are looking for ground workers to work within our friendly team. We are open to individual applications as well as from established teams with proven track record.

This role is an excellent opportunity to start/continue your professional development, training, and gain experience in the industry. We carry out many other specialist works and the successful candidate will gain experience whilst working alongside our ecologists, surveyors and arboricultural team.

The successful candidate will be friendly, reliable, self-motivated and possess a strong work ethic, they will also be able to work hard as part of a friendly team, be prepared to work to a high standard of quality and health and safety and willing to work with our ecologists to provide an ecologically sensitive approach to tree works and habitat management.
